Don't worry.
Can we still make it in time for Nako's birthday party?

As expected from Konomi-chan!

I've gathered the ingredients, so let the making of the surprise present begin!

Yer missin' one thing though:
スッ

I have already made the cookie dough.
We now only have to cut out the cookies and bake them.

It looks delicious even when it's this squishy!
It won't taste good if you don't bake it...
tehe!
You really think so?
heh
Won't it be fine if we just mix all the ingredients together?
You've never cooked even once in your life, now have you?
Learn a bit by watching Konomi-chan.
What did ya say? Gimme that roller!

Easy, easy!
I have to flatten it with this, right?
グッグッ

I know at least that much!
If you don't use flour...

You want to wash it off in the sink?
You can use this towel.
Aah, sorry about that.

That's your fault!!
Nevertheless, ya look like a mess, Shouta.

haha...
Konomi-chan has a lot of girl power, unlike a certain someone...
Thanks!

hm... I see.
It must mean a girl who is good at making cookies.
patan
No idea... being girlish perhaps?
Wh... what does he mean by girl power?
Really?
ehehe...
I'm not praising ya! I've got more female power!
Female power?
A woman's charm is adult sex appeal!
I've looked it up in Shouta's adult books, so there is no doubt about it.
But... why is... Manatsu-chan more like an adult?

I have also studied things like love for a performance, you know!
If you don't understand my overflowing adult charm...
...then you're still just a kid.
It's not a performance, ya know!
Charm comes from inside of you.
...versus your performance.
My appeal...
Shall we have a match then?
That may be true, but...
